

Tech & features

We've taken our classic loose fill synthetic insulated jacket, and cranked up the heat with PrimaLoft® Silver RISE insulation, larger baffles, and a fresh design that feels warmer than ever before. The fully recycled insulation offers great loft for minimal weight, giving you immediate warmth in bitter conditions and welcome respite when you reach the blustery ridgeline. Layer up in the winter or use it as an outer in the warmer months, this versatile jacket is perfect for year-round, all-mountain use.

High-lofting PrimaLoft® Silver RISE insulation traps body heat to keep you warm.

Soft, windproof Pertex® Quantum fabric helps keep the insulation lofted.

Stash supplies in the zipped hand pockets and inner security chest pocket.

Pack it away into its integrated storage pocket when you need to shed layers.

Seal out cold draughts with the close-fitting elasticated cuffs.

Fit: Regular

Weight: 472g/16.6oz (Size M)

Centre back length: (Size M): 74cm / 29inch

Insulation: PrimaLoft® Silver RISE 100% recycled synthetic insulation (214g/7.5, Size M)
